

Motolight® Radial Mount Supplement

Contents:	Left bracket	(1)
	Right bracket	(1)
	Spacers	(2)
	Bolts long	(2)
	Bolts 25mm	(2)
	Washers	(4)

Remove lower bolt and mount bracket in this order: bracket on top, spacer between bracket and caliper. Long bolt, with lock washer, goes thru bracket, spacer, caliper and attaches to fork. Torque to the manufacturer's recommended setting.
